Studio LOIS

Experiences and Rental Catalogue 2027

About

Studio Lois is a **creative event studio** based in Ibiza, specialising in event styling and production.

What sets Studio Lois apart is our **in-house creative process**. From graphic design and custom lettering to building bespoke displays, props and installations — our concepts are designed and produced within our own studio. This allows us to move quickly, stay flexible and ensure every detail aligns with the overall vision.

This catalogue has been created as a visual and practical overview of the elements we offer for events such as weddings and private gatherings —From immersive experiences to ready-to-use pieces and custom-built elements.

The catalogue is divided into two parts:

Experiences, designed to add interaction, atmosphere or a memorable moment to your event!

Rentals, featuring our collection of furniture, displays, fabrics, tabletop items and styling elements that can be combined freely or used as part of a custom proposal.

For larger-scale events or fully custom concepts, we are happy to create a bespoke proposal.

Enjoy exploring our collection.

Studio LOIS

Experiences

Private Dining by Studio Lois

An intimate dining experience with a strong focus on atmosphere, detail and setting. Not a restaurant, but something more personal.

The menu is created in collaboration with a selected chef, using fresh, seasonal ingredients, and can be approached in different ways. From live cooking at the table, to shared dishes designed for more relaxed dinners, or a more classic plated menu.

Available at your private villa or at a unique outdoor location among the citrus trees, where the surroundings become part of the experience.

The experience includes full table styling, set-up, menu, drinks and service, everything needed for the evening.
Experiences start from €390 per person (excl. VAT).

Looking for table styling only?
Our tablescaping service can also be booked separately, tailored to your menu, setting and occasion.

Backdrops & Photo Moments

Give your guests a reason to pause. We create visual backdrops that invite interaction and turn moments into lasting memories.

Each backdrop is thoughtfully designed to complement your event, from timeless guest portrait settings to playful, interactive photo corners.

Choose from our existing collection or let us create a bespoke design tailored to your vision.

Picnic & Lounge settings

From relaxed welcome lounges and chill out spots at your event to intimate proposals, ceremonies or creative workshops — each setting is thoughtfully styled to reflect the mood and atmosphere of your event.

Choose a picnic or lounge concept from our collection, created under our sub-label Into the Wild Picnics, or let us tailor a bespoke experience.

www.intothewildpicnics.com

Curated add-on Experiences

Make your event even more special with optional add-ons.

Creative workshops such as jewellery making or flower crown creation.
Live music by musicians, DJs, or vocalists to set the perfect atmosphere.

Artistic experiences including live illustrators, painters, and other visual artists. Interactive entertainment such as magicians or card readers.
Or wellness moments like sound healing, breathwork, yoga, or pilates.

Flowers

Flowers are used to add visual impact and character throughout a setting, from intimate table arrangements to sculptural floral installations.

We create carefully curated floral arrangements and installations, using fresh or artificial florals depending on the concept, setting and requirements of each project.

Cushions

Our cushion collection offers a wide variety of colours, textures and patterns, allowing for playful mix-and-match combinations or more subtle, layered looks.

The cushions are rented at a fixed rate of 6.50€ per piece.
Statement cushions are priced individually.
